

## OUR PURPOSE

We help Vanderbilt faculty and researchers turn discoveries into real-world impact—making commercialization **accessible, impactful and forward-looking.**

## WHAT WE DO

**Evaluate breakthroughs** for their commercial and market potential

**Protect intellectual property** arising from Vanderbilt research

**Connect faculty** with industry collaborators, entrepreneurs and investors

**Launch ventures** and innovations that drive global impact and benefit society

Contact our team to learn how we can help.

**VANDERBILT**  
Center for Technology Transfer  
and Commercialization

## EMPOWERING INNOVATION AT VANDERBILT

### TECHNOLOGY LICENSING

Find industry partners to invest in turning Vanderbilt technologies into marketed products

### STARTUP LAUNCH AND SUPPORT

Advance commercialization of innovations through startup formation, helping new ventures incorporate, grow, and access capital, talent and space

### INDUSTRY AND BUSINESS ENGAGEMENT

Identify and engage industry partners looking to access Vanderbilt's research talent and capabilities

### IP MANAGEMENT

Implement protection strategies to position Vanderbilt innovations for commercialization

### RESEARCH SUPPORT, COMPLIANCE AND AGREEMENTS

Negotiate research agreement IP terms, help researchers navigate FDA/IRB interactions, assist with COI management, and streamline the sharing of research materials (MTAs)

### FEATURED PROGRAMS FOR INNOVATION:

***Innovation Catalyst Translational Research Fund*** — Resources to de-risk early-stage technologies and advance them toward market-readiness

***Innovation Ambassadors*** — Experienced faculty who provide peer-level advice and counsel to researchers considering commercializing their research

***Entrepreneurs Club*** — A forum for faculty entrepreneurs to network, advise and share their entrepreneurial journeys

***Entrepreneurs-in-Residence*** — A roster of experienced entrepreneurs who provide expert evaluation, advice and assistance to faculty-led startups

## Let's Build the Future Together

The CTTC team is here to serve as your trusted partner, providing education, guidance and collaboration along your commercialization journey to bring your research to life and build your legacy as a breakthrough innovator.
